—Win Cole, old prospector, died in Prescott Friday, June 21. Mr. Cole was born in New York and is 54 years old. He is an old and successful prospector, and is known all over this territory.

—Prescott Enterprise: The bullion shipments to San Francisco from Arizona are creating a good impression in that city, and with a few more good mills we will show them what, not one or two, but all of our mines will do. We claim to have the largest and richest mines on the coast, and all that is necessary to prove this is proper reduction works.

—Martin Sweeney was murdered on the afternoon of June 23, at the mouth of Barbaomeri creek, Tombstone district, by Oliver Boryar. The murdered man has been a resident of Arizona for nearly twelve years. He came to the Territory as sergeant of the old 14th and served at and about old Camp Reno during old Apache troubles. Maricopa Mines.

Silver Belt.
The miners in the Stonewall Jackson have struck a larger body of native silver than heretofore discovered in the mine. The company is pushing work on the main shaft with the view of tapping the ledge at a depth of two hundred feet.

The Hannibal company is also working on their main shaft which is 7x9 working eight hours shift night and day, not excepting Sundays. They do not intend stopping before the shaft has reached the depth of 400 feet. Their pumping machinery, etc., left San Francisco on the 22d of May, and is due at the works on the 10th of July. The development of this mine in the way proposed is pregnant with great results. The vein which the 400 foot shaft is intended to strike is the one on which the already approved Stonewall Jackson mine is on, and is clearly traceable on the surface for six miles. The Hannibal is the northeast extension.

Legislature of Arizona.

Congressional Record June 24.
Mr. Culberson from the Judiciary Committee, reported back, with amendments, the bill (H. R. No. 793) to confirm certain acts of the Legislative Assembly of the Territory of Arizona, and to provide for the apportionment of the members of the next Legislative Assembly thereof; which was referred to the Committee of the Whole on the state of the Union, and, with the amendments, ordered to be printed.

The Southern Pacific is likely to get the right of way through the Yuma Reservation. The Texas Pacific bill has been postponed until next December, which sounds like its death warrant, hence we may expect the Southern Pacific road to Maricopa Wells as soon as the workmen can build it.—Citizen, June 14.

The Eureka Sentinel of a recent date gives a glowing account of a man beating his wife at that place.

GENERAL MERCHANDISE.

Now that the Mineral Resources of Arizona are being rapidly developed, agricultural products will be in great demand and the Farmer will quickly find himself King, and while enjoying home comforts will reap largely of the golden harvest of the hardy miner. Prospectors who are searching the mountains for hidden treasures—it may be poor as Job's turkey—will in a moment find themselves Bonanza Kings and be able to revel in luxury the rest of their days; but all men cannot become owners of rich mines! All men cannot become wealthy farmers! To the great mass of mankind the price of pork and beans will still be an object.
